Starting from "Piazza Gramsci" in Montaione, we immediately turn right into "Via Giovanni XXIII" which shortly afterwards will become "Via Santo Stefano". After about 800 meters at the first junction (recognizable by an iron Cross) turn right and go down to the valley of the stream "Orlo". After crossing the stream "Orlo" turn right and climb up following the gravel road. After passing through "Borgo degli Orti" we reach "Via delle Colline" and we turn right towards Montaione.

After covering the asphalt road for about 1 km, keep left at the first junction and then take the path on the right after 200 meters.

Climb up to "Podere Moricci" and then again on asphalt to the starting point.
