

MontaioneMtbTrailArea.com was created thanks to the passion for cycling - especially for mountain biking - of its contributors. For this reason, the owners and contributors of this site, while doing everything possible to maintain the highest accuracy and reliability of the information, do not accept any responsibility concerning errors, omissions, accuracy of gps paths, event dates, addresses of accommodations and restaurants, and any other information contained on this map.

For the above reason, we are happy to share the tracks with you, hoping that you can have fun in our territory, but we won't be responsible for the use that you are going to do, as no one has forced you to walk or ride on this track.

We start from Via Santo Stefano (in particular, from the junction leading to "La Pieve" at about 600 meters from Montaione) and descends to the valley of the stream "Orlo".

Then we climb up on the opposite side from the one from which we went down, until we reach "Poggio Maremmana".

Then we turn left riding along a stretch of the "Via Francigena" up to the asphalted road "Via Rimorti". Turning left we take the asphalt road and after about 1.5 km, we turn left again going up to "Santo Stefano". From here, along a dirt road (white road) on the ridge of the hills and admiring the beautiful landscape of the surrounding countryside, we return to the starting point.
