

MontaioneMtbTrailArea.com was created thanks to the passion for cycling - especially for mountain biking - of its contributors. For this reason, the owners and contributors of this site, while doing everything possible to maintain the highest accuracy and reliability of the information, do not accept any responsibility concerning errors, omissions, accuracy of gps paths, event dates, addresses of accommodations and restaurants, and any other information contained on this map.

For the above reason, we are happy to share the tracks with you, hoping that you can have fun in our territory, but we won't responsible for the use that you are going to do, as no one has forced you to walk or ride on this track.

From Montaione we ride along "Via Aldo Moro" for about 1.3 km and then we take the dirt road on the left "Via delle Rocche". From here, a descent that sometimes even very steep (be very careful as the pavement is slippery and you could meet cars in the opposite direction!) will take us to the river "Egola". After passing the river "Egola", continue on the path to the right going up to the farm of "Piaggia" and then continue - always on a dirt road but more easy to pedal - up to "Castellare di Tonda". We turn left onto "Via Cerroni" and after a few kilometers we enter the woods of "Corbezzolaio" to make a couple of funny single trails. We then go back to "Via Cerroni" and take the path on the right that will take us back to the river "Egola" and from here, through a rather steep climb we will return to Montaione.
