

MontaioneMtbTrailArea.com was created thanks to the passion for cycling - especially for mountain biking - of its contributors. For this reason, the owners and contributors of this site, while doing everything possible to maintain the highest accuracy and reliability of the information, do not accept any responsibility concerning errors, omissions, accuracy of gps paths, event dates, addresses of accommodations and restaurants, and any other information contained on this map.

For the above reason, we are happy to share the tracks with you, hoping that you can have fun in our territory, but we won't responsible for the use that you are going to do, as no one has forced you to walk or ride on this track.

From the Montaione's roundabout, go uphill towards San Gimignano. After cycling for about 1.4 km you reach locality "Sant'Antonio" and turn right onto a dirt road (you can recognize from a sign of "Podere La Casetta").

Here we expect an almost endless series of single tracks, which between fast and not very challenging ups and downs will make us enjoy like in a "Luna Park".
