

MontaioneMtbTrailArea.com was created thanks to the passion for cycling - especially for mountain biking - of its contributors. For this reason, the owners and contributors of this site, while doing everything possible to maintain the highest accuracy and reliability of the information, do not accept any responsibility concerning errors, omissions, accuracy of gps paths, event dates, addresses of accommodations and restaurants, and any other information contained on this map.

For the above reason, we are happy to share the tracks with you, hoping that you can have fun in our territory, but we won't responsible for the use that you are going to do, as no one has forced you to walk or ride on this track.

This alternative route is practically the same in all to route 9, with the only difference that the route passes from a high hill called "Il Poggione".

Although the climb to reach "Il Poggione" is short, it is extremely steep forcing us to push the bicycles, but once on top of this hill with a small group of trees in the center, we will be rewarded by one of the most beautiful views of the whole territory .
